

Webex Add-on Download in Safari

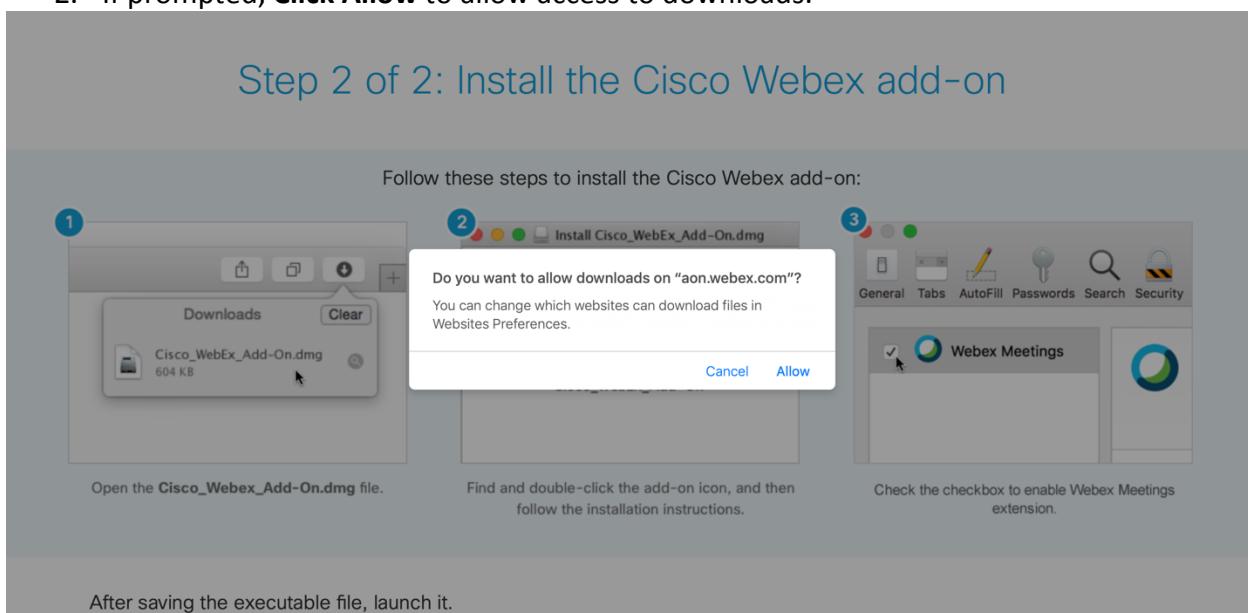

To view the recorded webinar using a Safari browser, you'll need to add the Webex extension.

- Once you click on the recording link located in the microsite's Learn section, you'll be prompted to add Webex to Safari. **Click Download**.

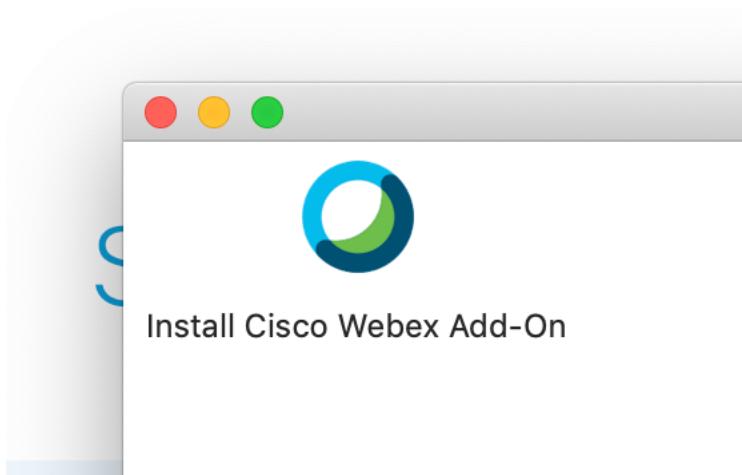

Step 1 of 2: Download the Cisco Webex add-on

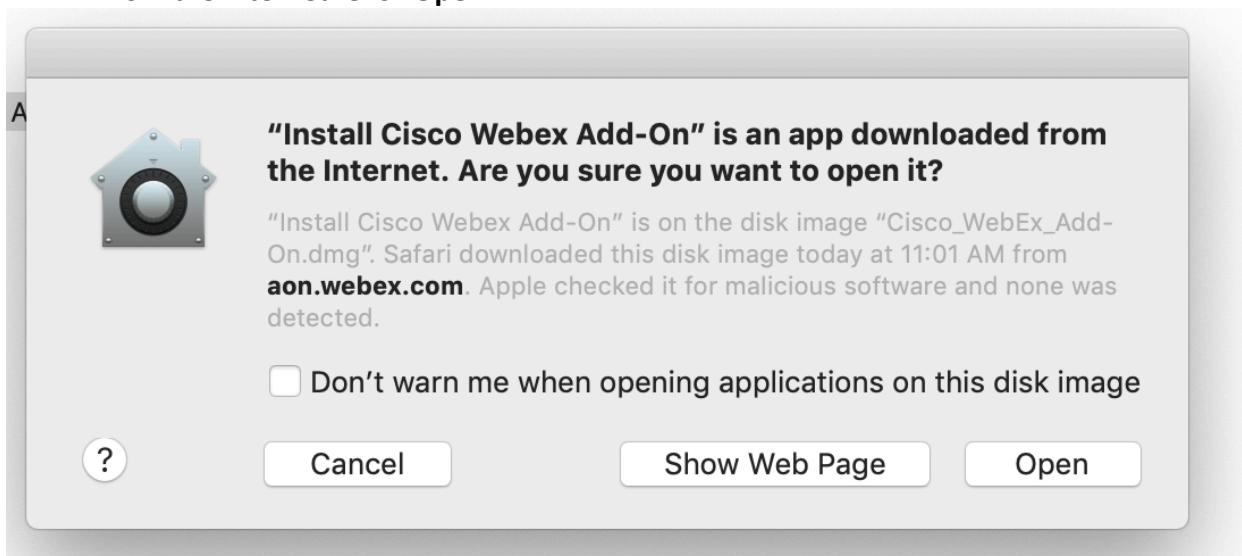

- If prompted, **Click Allow** to allow access to downloads.

- Once downloaded, a window will appear with the Webex add-on enclosed. **Double-click the Webex Icon**.

4. During the installation, you may be prompted to verify you wish to install a program from the internet. **Click Open**

5. Once the program is successfully installed, the Safari extensions tab will open. **Select the Check Box** on the left to enable.
